HELLO AND WELCOME

Scade Photography has been operating in Edmonton for over 40 years. Our goal is to tell your story beautifully. We aim to document relationships for our couples and their families while providing images that leave a timeless record of your day. Shaun, Stephanie, and Gord have photographed over 600 weddings and have won multiple awards for their photography. At Scade Photography, our goal is to tell your story.

From the moment you step into your wedding dress surrounded by your family and friends to your first steps out onto the dance floor together. Scade Photography is there for all of the big and little moments of the day.

Your wedding portraits are natural yet guided, allowing you to be yourselves. We focus on creating images and candid moments that represent who you are together on your wedding day. Still, we also find it essential to capture beautifully lit portraits with more traditional posing.

MY PHILOSOPHY

Our family motto is "Good Friends, Good Food, and Good Drinks".

We also believe that all families deserve to be photographed and photographed often.

The Experience

BOOKING YOUR DATE

Weddings are often scheduled 12-18 months in advance. If you haven't already, you'll email us at info@scadephotography.com, expressing your interest and providing details about your wedding. We can set up a consultation and determine if we're a great fit for your day. We'll email you a link to e-sign our contract and an invoice for your retainer. This amount reserves your date and counts towards your total investment but is non-refundable once paid.

PLANNING & PAYMENT

Once you are fully booked, we will discuss locations for your wedding portraits, talk about what to expect, and come up with a timeline for your wedding day. If you have booked an Engagement Session we can discuss locations and clothing options.

No other payment is due at this time, but your next payment (half of the remainder) is due 1 month prior to the wedding date. Your final balance is due once your wedding images are ready.

SHOOTING & EDITING

It is our goal to make you feel as comfortable as possible while having a fun experience. Don't worry about practicing any modeling, We'll direct you in posing! In the weeks after your wedding we'll post a few previews for you to share with family and friends. We want your wedding portraits to remain timeless, so our editing tends to be clean, crisp, and colourful

DELIVERY & TURNAROUND

Your finished gallery will be ready 6-8 weeks after your wedding date. All images will be edited for consistency and tone. We will also select our favourite images and give those a little extra attention. We offer books, albums, gift prints, wall prints, and thank-you cards. Any printed products would be delivered in person or delivered to your door.

The Experience

PRICING

Wedding collections include either Shaun or Stephanie as your exclusive wedding photographer, a professional second shooter, and a high resolution collection of the best images from your day. Luxe albums and professional prints are available for purchase. We accept a limited number of commissions per year. This enables us to foster relationships with our wedding clients and offer impeccable service

CREATING YOUR DESIRED PHOTOGRAPHY TIMELINE

Prior to your wedding date we will discuss your date in detail to help create a timeline that suits you and your family. We are able to work with whatever time you have for the portraits, but we usually recommend at least an hour or more depending on the locations and the day. Ideally, the family portraits portion will take place right after the ceremony at a location on or near the ceremony site. Family portraits can range in time from 15 minutes to an hour depending on how many people and how many groups there are. In addition to communicating your desired images to us, a wedding photography checklist helps guide you in planning enough time to get all those poses and moments captured.

Getting your photo subjects all on the same page requires early communication. Once you've outlined your timeline, share it via email with your wedding party and family members so they know ahead of time when and where to meet for portraits. Plan to have printouts of the timeline ready in case they get forgotten.

Full-Day Wedding Collections

IN ORDER TO ACCOMODATE THE UNIQUENESS OF YOUR WEDDING DAY, SCADE PHOTOGRAPHY OFFERS HOURLY BASED COVERAGE.

All wedding collections include two photographers, a pre-wedding planning meeting to finalize your timeline, all the edited images in an online gallery, and a print and share release.
